PROFILE SUMMARY

Second-year Computer Science undergraduate at the Informatics Institute of Technology (affiliated with the University of Westminster), with hands-on experience in full-stack development and machine learning systems. Skilled in building scalable web applications, REST APIs, and data-driven solutions using React, Node.js, and Python. Strong problem-solving mindset with experience in University projects and team collaboration. Seeking internship or junior-level IT opportunities to contribute to practical software solutions.

TECHNICAL SKILLS

Programming: Python, Java, C#, JavaScript, TypeScript

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Databases: MySQL, MongoDB, PostgreSQL

Tools: Git, GitHub, Figma, Canva, VS Code

Concepts: Object-Oriented Programming (OOP), UI/UX Design, Agile Development

PROJECTS

WorkzUp – Web-Based Job Matching Platform (Team Project) | 2026

- Contributed to the development of a full-stack job platform connecting employers with job seekers
- Implemented recruiter-side features including job posting, editing listings, and managing job statuses
- Integrated frontend with backend REST APIs and PostgreSQL database
- Collaborated in a team environment using Next.js, TypeScript, Tailwind CSS, Node.js, and Express

Food Delivery Application – Full-Stack Web Application | 2026

- Built a real-time food ordering platform with order tracking functionality
- Developed backend APIs and implemented secure user authentication
- Created responsive frontend for smooth user experience
- Tech : React.js, Node.js, MongoDB, Express, Strip

E-Commerce Clothing Platform – Full-Stack Web Application | 2026

- Developed a full-stack e-commerce platform for online clothing sales
- Built REST APIs and implemented authentication and user management
- Designed responsive UI and structured backend for scalable product and order handling
- Tech : React.js, Node.js, MongoDB, Express, Strip, Razorpay

University Enrollment System – Java Backend Project | 2026

- Designed a modular backend system for student enrollment and course allocation
- Applied object-oriented programming principles for scalability and maintainability
- Integrated Maven for dependency management and build automation
- Implemented validation and structured data handling for system reliability
- Tech : Java OOP principles

Student Enrollment & Attendance System – Python Application | 2025

- Developed a CLI-based system for student registration and attendance tracking
- Implemented date-based attendance recording and structured data storage
- Designed logical workflows for efficient system operations
- Tech : Python

Coffee Shop Website | 2025

- Built a responsive business website with intuitive navigation and user-friendly layouts
- Focused on front-end development, accessibility, and modern design practices
- Tech : HTML, CSS

Loan Approval Prediction System (Ongoing) – Machine Learning

- Developed an end-to-end machine learning system to predict loan approval status and estimate maximum loan amount using real-world financial data
- Applied data preprocessing, feature engineering, and model optimization techniques
- Implemented Logistic Regression, Naïve Bayes, KNN, and Decision Tree models
- Performed hyperparameter tuning and ensemble learning to improve prediction performance
- Tech : Python, Scikit-learn, Pandas

WORK EXPERIENCE

ATM Operations Assistant (SITREK SECURE LOGISTICS (PVT) LTD) | 2023

- Monitored ATM systems and reported technical or operational issues
- Ensured system reliability and service availability

EDUCATION & CERTIFICATIONS

BSc (Hons) in Computer Science (UG) | 2025-Ongoing

- Informatics Institute of Technology (IIT), Sri Lanka | University of Westminster, London

Diploma in Information Technology – SLIIT Campus, Kandy | 2024

- Sri Lanka Institute of Technology (SLIIT), Sri Lanka

G.C.E Advanced Level – Physical Science Stream | 2022-2023 (Completed)

- St.Sylvester’s College, Kandy | Subjects: Physics, Combined Mathematics, Chemistry

G.C.E Ordinary Level | 2019-2020 (Completed)

- St.Sylvester’s College, Kandy

EXTRA-CURRICULAR ACTIVITIES

Represented Provincial & School Cricket Team | 2015-2022

- Represented Central Province & St.Sylveste’s College, Kandy Cricket Team

Represented the School Rugby Team

- Represented St.Sylveste’s College, Kandy Rugby Team
